SUMMARY

Dynamic Junior Front-End Developer with a passion for HTML5, CSS3, JS, and React. Committed to continuous improvement through development, practice, and delivering results. Proficient in problem analysis and troubleshooting, adept at finding accurate solutions. Inspired by challenges, I possess strong analytical thinking and organizational skills. Ambitious, responsible, and goal-oriented, I thrive in collaborative environments. Known for attention to detail, excellent time management, and a friendly demeanor with a dash of humor.

PROJECT EXPERIENCE

- **WebStudio**, **GitHub** (HTML, SASS, JS)
